## SPEAK UP CALIFORNIA

A Workshop presented by  
California Forward

With Speaker Bruce McPherson  
former California Secretary of State

Tuesday, March 15

1:30 to 4:30PM

Valle Verde Theater  
900 Calle de los Amigos

Californians want a path forward—not left or right—one right step after another.

California Forward's mission is to improve the quality of life for all Californians by creating more responsive, representative and cost-effective government.

California Forward and VISTAS Lifelong Learning invite you to Speak Up California, an important dialogue about our State and its future and how restructuring the relationship between state government and city and county governments may help move California in the right direction—closer to its people.

California Forward is a nonpartisan, nonprofit organization, working to fix state government and restore the California Dream. We are committed to creating a "smart" government that is small enough to listen, big enough to tackle real problems, smart enough to spend money wisely in good times and bad, and honest enough to be held accountable for results.

**BUT WE NEED YOUR HELP.** We want to incorporate your ideas in planning for a stronger, fiscally sound California. This workshop will feature expert speakers, including former California Secretary of State Bruce McPherson (a California Forward Leadership Council member). Following their presentations we want to hear from you. We will do this in small break-out groups where your voice can be heard and taken into account.

Your participation is critical to finding ideas to fix our state. We are serious about wanting your input. Please respond by filling out the Enrollment Form below and returning it to VISTAS Lifelong Learning. Street parking is available, but some walking may be required.
