Mystery of a Masterpiece

60 Minutes (2012)

A film by David Murdock

In October 2007, a portrait of a young woman in Renaissance dress made world news headlines. Originally sold nine years before for around \$20,000, the portrait is now thought to be an undiscovered masterwork by Leonardo da Vinci worth more than \$100 million. Cutting-edge imaging analysis helped tie the portrait to Leonardo. This documentary follows art sleuths as they deploy new techniques to combat the multibillion-dollar criminal market in stolen and fraudulent art.
