Winged Migration

89 Minutes (2001)

A film by Jacques Perrin (2001)

Open your eyes to the wonders of the natural world as you fly along with the worlds' most gorgeous birds through areas as remote as the Arctic and the Amazon and as populated as Paris and New York City.

Teams totaling more than 450 people, 17 pilots and 14 cinematographers used planes, gliders, helicopters and balloons to fly alongside, above, below and in front of their subjects. The result is a film of astonishing beauty.
