### *Special Harvest Moon Eclipse!*

Join us Friday morning September 25, and get ready for a once-in-a-lifetime eclipse of the rising Harvest Moon which will be visible here in Santa Barbara just two days later.

In Greek, the word "ekleipsis" means "abandonment" and we will review what would happen if the moon went away and didn't come back. How the moon has affected human history in general and how one eclipse in particular changed the history of the Western World. Plus other observations on the subject of observing the Moon in preparation for this very special event.

**BIOGRAPHY:** Peter Beuret joined Procter & Gamble in brand management at age 22, married Linda a few years later and moved to Frankfurt, Germany for eight years, and Madrid, Spain for four. He returned to Cincinnati for the second half of his career, now as an internal consultant on advertising and strategy -- a kind of guru position he found both useful and enjoyable.

Peter and Linda retired to Santa Barbara 15 years ago and are both active volunteers with the Music Academy of the West. Peter served on the board of Camerata Pacifica for six years, two years as president. They travel extensively, enjoy music, food and wine, and have birded and snorkeled in much of the world.
