OUR MOON! -- What would we do without it?

**Presented by: Peter Beuret
 April 14th & 17th 2014**

**9:30-12:30pm
 Goleta Library
 500 N. Fairview Ave, Goleta**

Join us Monday morning of April 14, as we prepare for a truly special event: A total eclipse of the Moon visible from Santa Barbara that night!

The morning of our first session, we will deal with Our Moon as a physical presence in our lives. What would happen if the Moon “disappeared” and didn’t come back? Would it matter? How would life be different? What would life on Earth be like if we had never had a moon in the first place? Hint: we probably would not be here. Plus other observations on the subject of observing the Moon in preparation for the eclipse that night.

At our second session, with our moon safely “restored”, we will discuss the influence of the Moon on us as human beings -- the mystical, spiritual, practical and inspirational influences of Our Moon, with a bit of special attention to Jules Verne who wrote about a journey to the Moon just one hundred years before the real thing.

=====

ENROLLMENT FORM: Moon April 14 & 17 , 2014

Please enroll by April 7, 2014

_____ Please check here if you would be willing to volunteer to help with refreshments

BIOGRAPHY: Peter Beuret joined Procter & Gamble in brand management at age 22, married Linda a few years later and moved to Frankfurt, Germany for eight years, and Madrid, Spain for four. He returned to Cincinnati for the second half of his career, now as an internal consultant on advertising and strategy -- a kind of guru position he found both useful and enjoyable.

Peter and Linda retired to Santa Barbara 15 years ago and are both active volunteers with the Music Academy of the West. Peter served on the board of Camerata Pacifica for six years, two years as president. They travel extensively, enjoy music, food and wine, and have birded and snorkeled in much of the world.
