Join Our VISTAS “Faculty”!

One thing that sets VISTAS apart from most other lifelong learning organizations is our independence: we are not affiliated with a college or university. Many of our courses are peer-led, organized and presented by our own members, drawing on their widely ranging interests and experiences.

What is *your* area of expertise? Do you have an idea for a course or discussion group that would be of interest to VISTAS members? Come to our free seminar and we’ll share information that will help you get started!

Your Curriculum Committee is offering this workshop to encourage members to become active presenters. We’ll share some tools and strategies for developing successful presentations and courses.
